

Dear Valued Member:

The International Finance Corporation (IFC), the private sector arm of the World Bank Group, and the Tanganyika Law Society (TLS) are partnering to conduct a two-day training on the legal aspects of leasing.

The training will be conducted in **Dar es Salaam on Monday, 30th May and Tuesday, 31st May** and in **Arusha on Thursday, 2nd June and Friday, 3rd June**. The IFC has agreed to source the Resource Persons and to fund the training of 60 members in Dar es Salaam and 50 members in Arusha.

So this e-mail is to request you to register your interest to attend this seminar to enable us to get a better indication of the numbers we'll be handling in both cities, especially in the event that we will require to negotiate higher numbers with the IFC team. So kindly e-mail info@tls.or.tz to register your interest to attend the seminar (please be sure to indicate your preferred location) **no later than Friday, 20th May, 2011.**

Please see the seminar background and concept note for your perusal.

This seminar will attract two (2) CLE points.

Thank you for your attention.

Kind regards,
TLS Secretariat.
